Fear For 18 In Service Airplane

BATTLE MOUNTAIN, Nev. (AP)—A sheriff's party at daybreak today found a Marine aircraft that disappeared about 18 hours previously in a blinding snowstorm. There was no sign of life.

Sheriff George Schwinn of Lander County said the plane hit the top of a hill some 20 miles south of this northern Nevada town and then slid into a canyon.

The four-engine transport disappeared at 1:50 p.m. Wednesday while the pilot was flying on instruments.

At Buckley Air Field in Denver, Colo., a spokesman said the plane was carrying 18 men when it left there on a flight to Seattle. In Washington, the Pentagon said it was carrying 19 men.

Schwinn reported to the Bureau of Land Management office in Battle Mountain that he and a party of four men were walking into the plane area.

The pilot was flying on instruments in the blizzard when he radioed that his engines were icing 21 to 30 miles southwest of the little cattle and mining town of Battle Mountain.

He told the Federal Aviation Agency in Salt Lake City: "I am losing altitude at 10,000 feet and at present time unable to maintain 12,000." That was at 1:50 p.m. He wasn't heard from again.

Robert Hodges told the Lander County sheriff's office he

heard a "boom and roar" southeast of his farm 20 to 30 miles south of Battle Mountain between 2 and 3 p.m.

The farmer tried to look out in the direction of the noise, said Sheriff George Schwinn, but the driving snow made it impossible to see.

The plane carried an amphibious warfare instruction team based at Quantico, Va. The group, touring marine bases throughout the country, was en route to Seattle, Wash., to give its next class.

A U.S. spokesman said the Viet Cong's 261st Battalion, long an adversary of American troops in the delta, began withdrawing about midnight under a massive bombardment by U.S. fighter-bombers, artillery and helicopter gunships.

Crewmen aboard an AC47 Dragonwagon said one of their plane's flares lit up a flotilla of 30 sampans moving south along the canal as the guerrillas escaped. The Airmen said they peppered the sampans with their 6,000-round-a-minute miniguns but could not determine the results.

Fighting has been on the upswing in the rice bowl delta. Senior American officers said there was more action there in December than in any previous month of the war, with 2,000 guerrillas and 600 U.S. and South Vietnamese troops slain.

Four days ago a platoon of 9th Division troops landed in a Viet Cong bivouac area 19 miles south of Saigon, triggering a battle in which 31 Viet Cong and 23 Americans were killed.

Since then there have been half a dozen guerrilla assaults on government towns or outposts in the delta.

DETROIT (AP)—A strike by Teamsters Union truck drivers against the Detroit News entered its 57th day today with no new negotiations planned between the union and the afternoon newspaper.

Bargaining continued between the News and the morning Free Press and the American Newspaper Guild, which represents editorial and clerical workers at the Free Press and a few building service employees at the News.

The News was shutdown Nov. 16 by the Teamsters walkout and the Free Press closed the following day, saying it negotiated several contracts jointly with the News.

Mansfield Sees Rights Filibuster

WASHINGTON (AP)—Senate Democratic Leader Mike Mansfield says the next session of Congress could open with a civil rights filibuster.

A civil rights bill, virtually certain to ignite heated debate, already is on the Senate docket as the opening business after Congress reconvenes Monday.

"I think there's going to be some conversation on it," Mansfield said of the measure. He added in a Wednesday interview that the debate "could be lengthy."

The measure is designed to protect Negroes and civil rights workers from racial violence. It would make it a federal crime to use violence or threats to interfere with the exercise of civil rights by members of minority groups.

"I'm very hopeful we can pass the bill," he added.

But Mansfield said the measure "is in deep trouble" if Senate Republican Leader Everett

M. Dirksen opposes its terms.

And Dirksen has said he will.

In another prediction, Mansfield said he expects a renewed request for higher income taxes but not "too much in the way of new proposals" in President Johnson's State of the Union message to Congress next Wednesday.

If there is still business awaiting action, Mansfield said, Congress will have to recess for much and perhaps all of August while Republicans convene in Miami Beach, Fla., then Democrats in Chicago.

Mansfield said he considers a tax increase mandatory, and believes Johnson will press his case for that step in his message to Congress.

"I'm very hopeful we can pass the bill," he added.

But Mansfield said the measure "is in deep trouble" if Senate Republican Leader Everett

Romney Calls For Action On Crime, And School Aids

Urges Labor Day School Openings

LANSING (AP)—In an apparent effort to stave off future widespread teacher strikes, Gov. George Romney today recommended a uniform opening day of school "in the absence of local agreement to the contrary."

School openings last fall played a role in several of the state's teacher-contract disputes.

Some school boards said that since the opening day of school had passed and teachers refused to enter their classrooms, they were violating the state law which prohibits strikes by public employees.

Teacher groups argued that the Michigan Labor Relations Board had ruled the opening day of school a negotiable item and since they had no contracts, they were not striking.

"So that there can be no question as to when teachers are on strike," Romney said in his State of the State message, "I recommend that the first day after Labor Day be legalized as the opening day of school in the absence of local agreement to the contrary."

An official of the Michigan Education Association, a teacher bargaining group, said the proposal "won't solve the strike problem."

"The concept of having some uniformity in the school year could be good," said MEA chief negotiator Kai Erickson, "but this has nothing to do with whether teachers are on strike."

Administrators, for example, could say school is to open Sept. 3 this year and teachers could agree, saying, "that's fine—if I agree to work for you."

Such a deadline, Erickson

said, would not mean that teachers are on strike if they do not have a master contract with the school board. "They are simply refusing to enter into an employment agreement," he said.

The legalized opening day might benefit some youngsters, however, he added, saying that some school districts currently conduct classes for the minimum 180 days while others conduct sessions for up to 195 days.

"There may be some merit in the uniform school year to avoid large variations in the amount of education the children receive," he said.

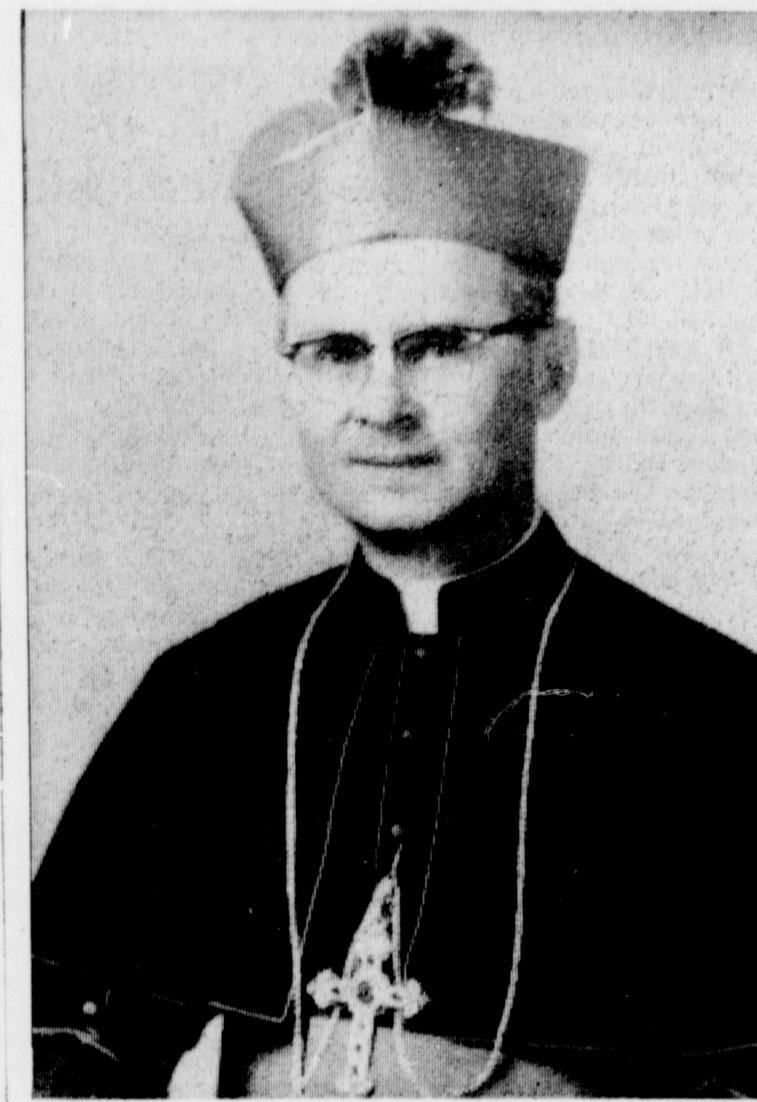

Romney also urged enactment of recommendations made by the Advisory Committee on Public Employee Relations. The recommendations would permit organization and collective bargaining by public employees but would prohibit strikes.

Lunar Module Launch Delayed

CAPE KENNEDY, Fla. (AP)—The maiden launching of the project Apollo Lunar Module has been delayed at least three days, until Jan. 21, by a series of minor problems that cropped up during spacecraft fueling.

No official announcement was expected from the National Aeronautics and Space Administration until the fueling exercise is more complete.

The first lunar module is a forerunner of the craft which is to land two American astronauts on the moon. On the initial flight the engines are to be tested in earth orbit.

Legislation To Require No New State Taxation

LANSING (AP)—Calling for a "better, safer, cleaner Michigan," Gov. George Romney today unveiled a 1968 legislative program seeking an open housing law, riot and criminal law revisions and more aid to education.

The Republican governor's sixth annual State of the State message contained few surprises and included several holdovers from last year's lawmaking sessions, as well as brand new proposals.

Romney wasted no time in calling attention to his candidacy for the GOP presidential nomination, promising that campaign trips will not diminish the administration's dedication to solving Michigan's problems.

Recalling his major success of the 1967 legislative session—enactment of Michigan's first state income tax—Romney told lawmakers that his 1968 proposals would require no additional taxes.

Budget Later

Romney, scheduled to deliver his budget recommendations later in the session, warned however that "we must approach the new fiscal year with great care."

The recommendations were, for the most part, general. Several points were accompanied by the promise of more specific outlines to come.

Major recommendations included in the approximately 2,500-word message included:

—An open housing law prohibiting racial discrimination in real estate transactions, accompanied by more financial support to the State Civil Rights Commission.

—A revision of the so-called "Riot Act" to provide a clear, workable definition of unlawful assembly and to make unlawful the failure to disperse upon command.

—Prohibitions against willful blocking of streets and highways by demonstrators and possession of incendiary devices.

Crime Fight Aid

Better tools to fight organized crime, including court-ordered electronic surveillance under certain circumstances, granting of witness immunity by circuit court judges along with circuit court power to grant subpoena power to prosecuting attorneys or the attorney general.

—More state support for the entire education system with intensified efforts in areas of special need.

—Reorganization of the state's lower court system, a holdover from the special legislative session called by Romney last October and completed in December.

—Stiffer controls over public employee bargaining, including designation of the day after Labor Day as the legal opening day for Michigan's public schools.

—An unspecified increase in the state's present \$1.25—an-hour minimum wage.

Protect Resources

General obligation bond issues of \$435 million to help finance costs of protecting natural resources and developing local recreational projects.

—An additional \$210 million in state money for support of local government along with granting of additional taxing powers to cities in the form of excise taxes.

Although Romney's recommendations dealt specifically with Michigan, he used the areas of finance, social services and public employment to take swipes at the national administration.

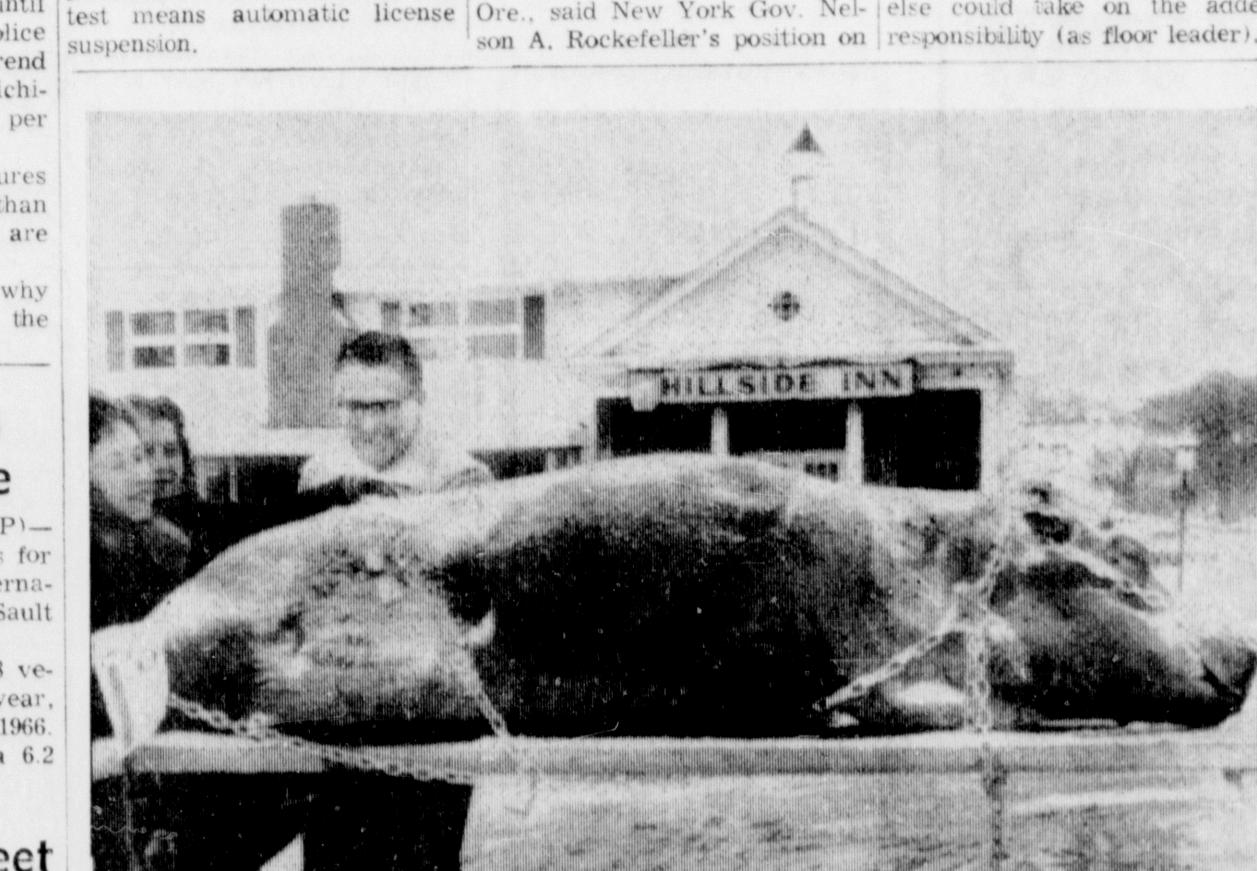

He labeled as deficient existing laws dealing with organization of public employees.

"This is a national problem," he said, resulting "from grave distortions in our national pattern of compensation."

He said the state's flexibility in dealing with problems of public assistance to the poor "has been limited by the federal government," citing 1967 Social Security amendments as an example.

State Hampered

In addition, he said, "Michigan, like most states, finds it

DAR To Honor Good Citizens

Five Delta County young women will be honored by the National League of American Revolution, for their good citizenship records and with their mothers will be guests at a luncheon in Escanaba on Saturday, Jan. 13.

The luncheon, in the Marine room at the House of Ludington, will focus attention on the citizenship role of the five girls, who will be presented with Good Citizen pins and certificates.

Mrs. Soren Johnson of Gladstone, DAR regent, will preside and the speaker will be Atty. Arthur Neiman of Escanaba. A musical program has been arranged by Mrs. M. H. Garfield.

The citizenship contest in public high schools of America has been sponsored by the National Society of the DAR since 1934. A senior girl, regardless of her race, creed, or nationality, is chosen for her qualities of responsibility, leadership, service and patriotism to receive the recognition.

The winners in Delta County this year are:

Leroux Cowen of Gladstone High School, Lynn LaBumbard of Rapid River High School, Ellen Bakka of Rock High School, Laurie Saxe of Escanaba High School and **Bonnie Kay Teal** of Bark River High School.

Leroux Cowen is the daughter of Mr. and Mrs. Paul Cowen. She is a senior class officer and a member of Future Nurses Club, Dramatics Club, National Thespians Society, Student Council, chorus and band. She plans to attend Bay de Noc Community College next fall.

Laurie Saxe is the daughter

Priest Protests War; Mails Draft Card To Sec. Rusk

BATTLE CREEK (AP) — A Catholic priest said Wednesday that he has mailed his draft card to Secretary of State Dean Rusk in protest against what he says is the immorality of American policy in Vietnam.

The action was taken by Rev. John P. Huhn, 29, assistant pastor of St. Joseph's Church in Battle Creek.

Father Huhn told the Battle Creek Enquirer-News that he sent the letter to Rusk last Dec. 12. He said he originally had not planned to publicize his action but changed his mind after giving the matter considerable thought.

In his letter to Rusk, Father Huhn said he wrote "after long and serious consideration of this matter, and the possible consequences, I must in conscience turn in my Selective Service registration card in order to register my protest against the immorality of our government's policies."

Bucksar Study Shows Research Creating Conflict

Richard Bucksar, geography professor at Bay De Noc Community College and research associate for the Canadian Research Center for Anthropology, Ottawa, recently received notice of publication in Canada of his article, "Operation Camelot."

The December issue of the magazine, Canadian Welfare, carried the review.

Bucksar wrote about the diplomatic complications which may arise when research in the behavioral sciences crosses over international borders.

"Operation Camelot" was a U.S. Defense Dept. research study in the behavioral sciences originating in Chile and intended to develop knowledge of internal conditions which have generated conflicts between national groups in that country.

Premature disclosure of this research study by a daily newspaper, El Siglo, purported to be Communist, delivered with a sharp attack upon the United States. In the absence of coordination, "Operation Camelot" became the source of a diplomatic misunderstanding to both Chile and the United States.

Bucksar concluded that some U.S.-supported behavioral science research efforts can provoke unfavorable reactions abroad. Most foreign persons are sensitive to probing of the political, economic cultural conditions within their borders which generate conflicts between national groups.

Catholic Bishops Blast Defectors

WASHINGTON (AP) — The nation's Roman Catholic bishops have criticized many aspects of the contemporary life of their church, including priests who desert their vows to marry or who agitate for the creation of a married clergy.

They hold out no hope the church will abandon its traditional "insistence . . . upon the requirement for priestly celibacy." Religious assent is a demand made of clergy and laymen alike, the bishops said.

In a 25,000-word collective pastoral letter—one of the few ever issued on so sweeping a subject by top church leaders in America—the bishops said they wish to set a course allowing for lay participation "somewhere between the prevailing, but far from universal silence of the past and the occasional strident confusion of the present."

The letter issued Wednesday reasserted traditional loyalty and obedience to the church and its hierarchy and appeals for a "renewal of that love of the church that has so characterized the faithful of all ages."

It warned against "impetuous applications" of the teachings of the recent Vatican Council.

Charism Misused

While not mentioning by name jazz masses or the setting up of experimental forms of worship, the letter appeared to have such contemporary occurrences in mind in saying:

"With sadness we notice that some today, using the noble word 'charism' (a claim of personal authority on the basis of spiritual guidance) or employing theology almost as therapy, ridicule the church and, under the guise of being contemporary, seem hostile to everything except their own views," the letter stated.

Never in the church's past, the bishops said, "did she really trust in princes and in no future moment will she rely, in fact, on the people's pleasure or the judgment of the crowd."

The bishops noted a "crisis in priestly life" and declared some priests "have not only lost their own vision but have sought to shatter the ideals of others and made a public display of their defects."

Subject To Doubts

Many priests, the letter said are subject to loneliness and "disturbing doubts about the worth of their lives." These same doubts, it adds, "must especially afflict, nowadays, many in the armed forces."

In an apparent reply to talk among some priests of the eventual possibility of the church granting them the right to marry, the bishops maintain laymen and clergy alike must respect church doctrine and decisions laying "renewed insistence" on the requirements for priestly celibacy.

While the Vatican Council

sought to give laymen a greater role in the affairs of the church, the letter said, "no one would maintain that an individual layman or all the laity together should be heard by the Christian community in the same way that the Pope . . . or the College of Bishops are to be heard."

Turning to the church's affirmation of social action and social justice, the bishops declared: "If Catholic performance does not match Catholic promise, then truly we shall have failed. If our deeds contradict our statements, then we shall have doubly sinned."

Chips And Splinters

Contributions To Chips Welcomed

Mrs. Dorothy J. Gerard, 232 4th Ave., Newport, Minn., is author of a book of poetry "A Flip of Mind" written under her pen name, "Mizpah," taken from Genesis, always a favorite scripture of hers. She used it on her first poem and has used it since.

Mrs. Gerard, a widow with a married daughter, is a daughter of Edwin P. Johnson, of Route 1, Rapid River, and has two brothers, Denman and Edwin Johnson, Jr., living in Escanaba. They were cited recently for saving a fellow electrician on an REA line.

Mrs. Gerard's daughter, Patricia Braun, did the cover picture on "A Flip of Mind."

Panax Asks For Radio Transfer

WASHINGTON (AP) — The Federal Communications Commission Wednesday approved an application to transfer control of Lester Broadcasting Corp. to Feltly Broadcasting Corp.

Lester Broadcasting Corp. operates radio stations WOIB in Saline and WOIA-FM in Ann Arbor. The price for the transfer is \$180,000.

The FCC also said it has received an application from Panax Corp. to transfer the license of its Grand Rapids Radio station WMAX to Hill-Meadowcroft Inc.

Friends may call at the Anderson Funeral Home from 4 to 9 p.m. Friday and complete funeral services will be conducted at 1:30 p.m. Saturday at the funeral home with Pastor Walfred E. Nelson officiating. Burial will be in the West Ford River Cemetery.

Pesticide Control Council Proposed

Organization of Michigan Pesticides Council at East Lansing on Sunday, Jan. 14, planned as a first step to solution of the pesticide peril.

Among those spearheading the drive is Dr. John H. Kitchell, chief of staff of a Grand Haven hospital. Long active in pesticide committee work with Michigan United Conservation Clubs, Kitchell now heads M-UCC as its president.

The meeting at Michigan State University Museum at 2 p.m. is open to the public.

Five Men Plead Guilty In Court On B&E Charges

Five Delta County men charged with breaking and entering Sodergren's Grocery in Wells Township all pleaded guilty Wednesday when arraigned before Judge Bernard H. Davidson in Circuit Court.

All were remanded to the county jail to await sentencing Jan. 26. Breaking and entering carries a maximum jail sentence of 10 years.

Pleading guilty were: Clifford Boggs Sr., 43, Perronville; his sons, Douglas, 20, Perronville and Ronald, 17, of 501st Ave. S., Escanaba; Rodney Bingman, 18, of Rte. 1, Escanaba, and Thomas Valquette, 19, of Rte. 2, Bark River.

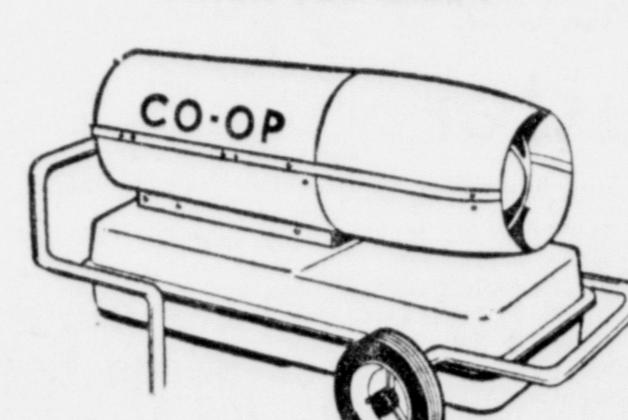

A 16-year-old juvenile involved in the breaking and entering was referred to Probate Court.

All of the men were arrested by State Police.

In another action, Judge Davidson continued the probation of Helen Dickerson, 31, of Wakefield. She was placed on probation here last year after she pleaded guilty to a check forgery charge. She had been cited to court again for violation of that probation.

Best Laid Plans Foiled In Stamp Rush

The Escanaba Post Office was well supplied with 40,000 one-cent stamps to place on sale when the postal rate increase took effect Monday.

Several other offices in the Upper Peninsula were not.

Postmaster James E. Pryal of Escanaba said he received requests from several other Upper Peninsula postmasters for supplies of stamps to meet the problems of the rate increase.

Turning to the church's affirmation of social action and social justice, the bishops declared: "If Catholic performance does not match Catholic promise, then truly we shall have failed. If our deeds contradict our statements, then we shall have doubly sinned."

Annual Meeting:

Historical Society Dinner Planned

Increasing activity in historical projects and realization of plans for the expansion of the Historical Museum will be noted by the Delta County Historical Society at its annual dinner meeting to be held at the Terrace at 6:30 p.m. Wednesday, Jan. 17.

Reservations should be made no later than Tuesday morning, Jan. 16, and members are invited to bring quests, said Robert Schmeling, Society president. Calls for reservations should be made to Eva Flemstrom ST-6 2312 or Mrs. Clint Dunathan ST-6 5346.

In addition to the special reports of activities, the program will feature talks by Knox Jamison and Dr. Harry Kelsey of Lansing.

Jamison is a past president and one of the founders of the Ontonagon County Historical Society, was manager of the Porcupine Mountains State Park, and is now with the Department's lands division.

The new supply of one cent and six cent stamps arrived Wednesday and the Escanaba office has a full supply available now, Pryal added.

Romney Asks Laws On State Problems

(Continued From Page One)

self increasingly at the mercy of federal financial and policy whims."

"My candidacy for our nation's highest office will require considerable time and attention outside of our state in the weeks and months ahead," said Romney, who planned to leave late today to campaign in New Hampshire, site of the nation's first primary election.

"Fortunately our state constitution now provides for the election of the governor and the lieutenant governor as a team," he added. "Lt. Gov. (William) Milliken and I function as a team."

"We will work as a team to seek adoption of our programs proposed in this message and in the budget," he said.

Open housing, which failed in a 47-55 House vote last month at the close of the special ses-

sion, topped Romney's list of recommendations.

"This issue of fair housing has been thoroughly thrashed out in the special session," he said. "Now it is time to act."

Crime Rises

"Crime is on the increase," he warned, and last summer's riots "pointed up legal deficiencies in coping effectively with such disturbances."

The anticrime and riot control proposals included several recommendations made to Romney last week by a special governor's crime commission named by him in 1966.

These included licensing, training and regulation of private police, provision for uniform reporting and centralized collection of criminal justice statistics, and establishment of a State Police reserve force for use in emergencies.

Romney described court reorganization, required by the new state constitution as "must" action for the regular session.

The governor did not elaborate on the shape the court system should take, but said it "must be effected, organized and elected this year to avoid an interruption of justice when present offices of justice of the peace and circuit court commissioners go out of existence next Jan. 1."

Local Support

In the area of local and urban affairs, Romney said his budget suggestions will include \$1.5 million to support local governmental needs.

Some \$45 million of this would come from the new state income tax.

Romney proposed a complete revision of the "antiquated" state housing code and enactment of legislation recommended in the special session calling for increased tenants' rights and landlord responsibilities.

He also called for statutory authorization of urban redevelopment corporations to work under supervision of local governments in developing and financing large-scale renewal projects.

The governor again urged a \$5 million allocation for special educational programs for underprivileged children. A similar proposal died in committee during the special session.

Romney called on the lawmakers to enact the recommendations of his special advisory committee on public employee relations which would permit organization and collective bargaining by public employees, but would prohibit strikes.

School Opening

He recommended the designation of Labor Day as the opening day of school, in absence of local agreement to the contrary, "so that there can be no question as to when teachers are on strike."

In the area of natural resources, Romney asked for legislation to allow general obligation bond issues of \$335 million to combat water pollution and \$100 million for parks and recreation.

Combined with federal and local funds, this would give Michigan a \$1.4 billion program to meet problems dealing with natural resources, he said.

Other recommendations included:

—Funds, to be matched with federal money, for mass transit planning and engineering studies by such transportation agencies.

For Drug Control

—Expansion of Michigan's foreign trade activities.

—Funds for the preparation by the Department of Public Health of a program for im-

Ruppe Books Meetings Here

Congressman Philip Ruppe (R-Houghton) plans a busy day in Escanaba next Friday, Jan. 19.

He will lunch with the Federal Affairs Committee of the Escanaba Chamber of Commerce at the House of Ludington at noon, meet the public from 2 to 4 p.m. in the Civil Service Room at the Escanaba Post Office Building, and attend a tea of the Escanaba League of Women Voters at the home of Mrs. Frank Neumeier from 4 to 6, answering questions on Congress.

At 6:30 he will dine with the Escanaba City Council at the House of Ludington for a program being arranged by Mayor Harold Vanberberghe and Councilman Cecil Chase.

The council sent a delegation to Washington in November to seek the aid of Ruppe and Senators Hart and Griffin in obtaining more federal aid for work on Escanaba Airport to fit it for jet airliner service this year. President Johnson froze such federal funds after the Federal Aviation Authority had indicated approval of the enlarged aid for Escanaba. Ruppe's office said that a release of the funds by the time of the President's State of the Union address on Jan. 17 is hoped for.

Children's Group Meets Saturday

Upper Peninsula Chapters of the Michigan Association for Retarded Children will meet at 10:30 a.m. (EST) Saturday at Newberry State Hospital.

A program will be presented by children at the hospital at 2 p.m. Among officers attending will be Dr. George Maniaci, Gladstone, president; Edward L. Ruman, regional vice president, and Henry R. Pepin, Escanaba, residential chairman.

Service Station Robbed Of \$114

Approximately \$114 in currency and small change was stolen from the cash register of the Hanley Citgo Service Station at 102 N. 23rd St. last night, city police reported today.

Entry was made by one of the overhead doors of the station, officers said. The burglary was reported by Roger Hanley, owner, at 6:08 a.m. The investigation is continuing.

News In Brief

By The Associated Press

TUNIS — Vice President Hubert Humphrey left for Washington today after a 13-day African tour on which he said he sought to "make clear America's commitment . . . to peaceful development and human opportunity."

NEW YORK — Secret Service agents seized counterfeiting equipment in Ohio following their confiscation here of \$4.1 million worth of phony \$100 bills — the largest haul in service history. Three men have been arrested and more arrests are predicted.

WASHINGTON — Ralph Nader says the federal government should publicly urge auto manufacturers to roll back their recent price increases. "Progress toward safer automobiles can be jeopardized by glutinous price increases," he said.

LOS ANGELES — "Black Power will be the saving grace of the United States," shouted Adam Clayton Powell. He was speaking to some 6,000 University of California students in the first of 14 speeches he plans at U. S. colleges.

LANSING — A resolution proposing constitutional amendment to let the governor fill vacant judgeships by appointment is the first significant measure to emerge from legislative committee this year. The House also asked a Feb. 28 deadline for introduction of bills not dealing with taxes or appropriations.

NEW YORK — Black Power militant H. Rap Brown took refuge for nearly six hours in the Cuban mission to the United States after he and a rookie patrolman were involved in a shoving incident outside the building. The Cubans protested to U. N. Secretary-General U. Thant of police "mistrust and abusive behavior."

WASHINGTON — Secretary of State Dean Rusk says the world's overriding problems will be to ease the pressures of a growing world population before they threaten to touch off nuclear war. Rusk set a general time limit of up to a generation for meeting population demands before they get out of hand and a 5 to 10-year estimate for international agreement to curb the atomic weapons spread.

Delta Exceeds Marquette On Welfare Costs

Marquette County had a population of 56,156 reported by the 1960 Census and Delta County one of 34,298.

These figures tell the basic potential for eligibility for welfare services.

If the economy and social welfare condition of one county is better than another there will be fewer calls for aid unless there is a greater liberality of administration or some other factor bearing on the problem.

The October report of the Michigan Department of Social Services reveals that Delta County pays out much more for welfare services than does Marquette in proportion to their populations.

Silver Certificates Sought In Price Hike

By JOHN CUNIFF

NEW YORK (AP) — Growing demand, a miners' strike, speculation and the inability to find substitutes continue to push up the price of silver. This week it sold for more than \$2.10 an ounce, 91 cents higher than last May.

Among those hurt the most by this 61 per cent increase are photographic film manufacturers and eventually the users of their product, who must pay higher prices. Film makers are the largest industrial users of the metal, which helps make their product light sensitive.

Among the chief beneficiaries are owners of paper currency on which is printed the words "silver certificate." These bills, in \$1, \$5 and \$10 denominations are redeemable in silver priced at only \$1.293 an ounce.

June Deadline

As a result, currency brokers are holding back silver coins were issued in 1965. Melting was specifically forbidden. Bans on silver exports were instituted. All these measures were aimed at maintaining an adequate supply.

Estimates vary, but something like \$300 million of silver certificates still are outstanding, meaning their value with premium added is about \$450 million. But, if not redeemed within the next five months or so they are worth face value only.

The resulting scramble finds currency dealers opening neighborhood offices, advertising nationally, accepting bills by mail. In turn, they take the bills to the U.S. Assay Office, buy silver at \$1.293 an ounce and resell it at \$1.50.

This would seem to give the dealers a profit of more than 80 cents, but the 55 per cent premium reduces this to a still worthwhile nine or 10 cents profit per dollar.

Supply Limited

The incredible series of factors that led to the state of affairs began many years ago when the government wished to assure the world that its current

supply was worth its weight in silver.

In 1961 the government knew that growing industrial demand for silver would cause shortages, because nature limits domestic silver production to about 45 million ounces a year. It began replacing silver certificates with Federal Reserve notes, which cannot be redeemed for metal of any kind.

As industrial demand increased, the price of silver rose from a base of about 90 cents. By mid-1963 it reached \$1.293 an ounce, where it was frozen by government in order to protect coinage from being melted.

The Treasury made sure this price was not exceeded by agreeing to supply silver users from its own supplies. If the price had a tendency to rise it couldn't go far; the government made sure of that.

Coins Changed

As Treasury stocks of silver dwindled, silverless coins were specifically forbidden. Bans on silver exports were instituted. All these measures were aimed at maintaining an adequate supply.

Last July, with mounds of silverless coins available, the Treasury abandoned its fixed price. Soon the law of supply and demand began boosting prices. Speculators and hoarders pushed it up even more.

At the same time another factor came on the scene: copper miners went on strike. Since silver is a byproduct of copper mining, silver production has been nearly halted since last summer, thus worsening the shortage.

All during this time of soaring demand and price, chemical companies and film makers have been trying to find substitutes. But, in film making at least, the search has been mostly in vain.

As a result, the premiums offered on silver certificates have risen, even though erratically, from about 10 per cent early last summer to more than 50 per cent at New York this week.

Ruppe Praises Mead Expansion

Congressman Philip E. Ruppe (R-Houghton) today commended Mead Corp. for its \$56.6 million expansion program at its Escanaba paper mill in a telegram to Mead Escanaba Division Manager George Douglas.

"My hearty congratulations to Mead Corp. on its expression of confidence in the future of the Upper Peninsula," wired Ruppe.

"Your multimillion dollar expansion will certainly have an immediate impact in Delta County, with the addition of 200 new employees and the doubling of your plant capacity."

"While we are working at all levels of government to spur economic development, attraction of new industry and expansion of existing industry is the master key unlocking the door of increased economic health and vigor in the Northland."

"Mead Corp.'s far-sighted expression of faith in our wood industry coincides with my own belief that through foresight and hard work we can anticipate the prospects of significant economic breakthroughs throughout Northern Michigan."

Kasperak Pens Note To Wife

STANFORD, Calif. (AP) — Mike Kasperak, who was nearly a dead man last Saturday night when a new heart was implanted in his chest, wrote his wife, Ferne, a note Wednesday. It said, "I love you."

His doctors said his transplanted heart beat on normally and he continued showing signs of significant improvement.

But they stressed that for the world's fourth human heart transplant recipient died Wednesday in New York. Doctors refused to discuss the death of Louis Block 10 hours after the transplant operation until full results of a post-mortem examination are available.

In Cape Town, South Africa, fluid developed around Dr. Philip Blaiberg's transplanted heart. The fluid was removed and doctors said they did not take a "serious view of this complication."

A medical bulletin said "the patient's condition is not as good today as yesterday."

Mini Gold Rush Hits In London

LONDON (AP) — A mini gold rush developed in the London bullion market today, and the price of the metal surged up more than 2½ cents when the Bank of England was unable to fully satisfy demand.

Market sources said the Bank, which operates the seven-nation international gold pool, was evidently caught by surprise at the sudden rise in demand after weeks of comparatively minor trading.

The price set at the daily fixing at N.M. Rothschild and Sons was \$35.17, up 2½ cents on Wednesday's price.

Dealers emphasized that demand for the metal today was nowhere near that of the gold rushes in November and December when demand reached 100 tons and more a day.

One dealer said the demand today began even before the price fixings and continued in later dealings to send the price up another cent, to \$35.18 an ounce.

Tahquamenon Has Heavy Snowfall

NEWBERRY (AP) — The Weather station at nearby Tahquamenon Falls State Park reports a snowfall of 47.9 inches during the first eight days of the new year. The station said snowfall this season as of Tuesday totaled 145 inches.

Fractional losses were taken by such key stocks as General Motors, Sears Roebuck, Woolworth, International Nickel, Eastman Kodak, Procter & Gamble, Texaco and Standard Oil (New Jersey).

Ogden Corp., Scientific Data, Great Western Financial, Ashland Oil and Hunt Foods advanced a point or better in lively trading.

The overall list did much better than the 30-stock industrial average because of a continued lackluster performance among most of its blue chip components.

Interest was scattered among a variety of stocks that attracted investment or speculative appeal.

Mr. and Mrs. Thomas Carmody and guest, Miss Charis Eastin attended graduation ceremonies for their son, Tom, at the Great Lakes Naval Station recently. Seaman Apprentice Carmody spent a 15 day leave with his parents enroute to San Diego, Calif., where he will enter technician's school.

Sisson Picked By Sportsmen

Jack Sisson

Jack Sisson of Willow Creek Road, Escanaba, was elected president of the Delta County Sportsmen's Club at meeting in the clubhouse Tuesday night. The retiring president is Dick Seibert.

Harold Meiers Jr. is first vice president, M. L. Smitley is second vice president, Roy Jensen is treasurer and Arthur Schaefer secretary.

The new directors are John Coan and Emery Peterson, and the hold-over directors are Gary Barton and Don McInnis.

M. L. Smitley was awarded a Michigan United Conservation Club emblem for his interest and effort spent in instructing a hunter safety course to school students.

Fisherman Pays For Reminder Of License Law

A fisherman on Little Bay de Noc has been reminded in court that anyone fishing anywhere in the state of Michigan needs a license.

Dwaine Taylor, 32, of Rte. 1, Gladstone, paid a \$10 fine and \$7.90 court costs before Justice Edward Goldsworthy of Gladstone after pleading guilty to a conservation charge of fishing without a license. He was arrested fishing on Little Bay de Noc.

Robert Timmer, Escanaba district law supervisor, said the new state law which took effect Dec. 1 provides that anyone fishing anywhere in the state of Michigan must have a license. Previously, residents of the state were allowed to fish Great Lakes waters without a license and non-residents needed a license to fish in the Great Lakes only if they intended to take "game" fish.

Officers also reported that Bernard Brower, 32, of Mountie, Gladstone, pleaded innocent when arraigned on the same charge. Trial before Justice Goldsworthy will be set for next week.

Big Bay Schools To Survey Area Tax Capabilities

GARDEN — The Big Bay de Noc Board of Education has been asked to evaluate the ability of the district to carry an extra tax load to support construction of a new school.

The request was made by the School Bond Loan Commission of the State Dept. of Education in reviewing preliminary proposals by the school district to float a bond issue to finance a new school.

The state also requested that the school district have all existing buildings examined by the fire marshall and a full report be made to Supt. Larry Lundell.

Lundell informed the Board of Education that when the reports are received they will be taken immediately to the commission in Lansing.

The Board of Education at its meeting this week ruled that students who have not paid book rentals and fees will not receive report cards. To get the report cards, parents would have to visit the school and discuss payment with the superintendent.

Handy Helpers

The Handy Helpers 4-H Club met on Friday at the home of their leader, Mrs. Earl Kell. Plans were made for a style show and dinner for parents of the members to be held Sunday, Feb. 25. General chairman is Elizabeth Prestay.

Committee chairmen are Pat Wheeler, food; Cecile Draze, decorations; Debbie Kell and Monica Thoune, invitations. Theme for the style review is "I Enjoy Being a Girl." Plans will be completed at the next regular meeting on Jan. 12.

Mrs. Joseph Shesky and Mrs. Joseph Vorin met with members of the Rip and Zip 4-H Club Monday evening.

Chips And Splinters

Contributions To Chips Welcomed

When Donald Hansen, 18, 218 Stephenson Ave., sent a Christmas greeting card to President and Mrs. Johnson he didn't expect an acknowledgement, but "The Hansen Family" got a White House card last week.

On it Lady Bird Johnson and Lyndon B. Johnson "thank you for remembering us at Christmas time" and extend their best wishes for the New Year.

The envelope wasn't franked, but bore a 5 cent stamp, beating the Sunday deadline on that rate of postage.

Lions Discuss Castro's Cuba

It's the government that has changed in Cuba, not the people a 16-year-old junior at Escanaba Area High School told the Escanaba Lions Club Monday night.

Mary Weinziel, who was born in Cuba and came to the United States with her family after Fidel Castro had taken control of the country, said that Castro has ruined the country.

She said that Castro sells the country's sugar cane crop to Russia, but all that comes in return are military supplies.

"The people don't get anything," she added.

"You don't realize what Communism is until it comes," she continued. "They come to your house and tell you that you have 15 minutes to get out with a few personal belongings."

Miss Weinziel said her family left a ranch they operated and went to the American Embassy in Havana. They were allowed to leave, she added, after steamship tickets had been forwarded them from Miami, Fla., by a relative. Tickets were not available in Cuba.

Miss Weinziel presented a slide program to the club. She was introduced by Dave Andrews, program chairman for the evening.

The club's next meeting will be Jan. 22 in the multi-purpose room of Holy Name High School for the Little League baseball recognition dinner featuring Bob Feller, former Cleveland Indians' star and a member of baseball's Hall of Fame.

Farm Bureau Debates Role Of Mass Media

The Delta County 426 Farm Bureau questioned the responsibility of the nation's news media at a meeting at the Clayton Ford home.

Members of the bureau pointed out that with a presidential election coming up this year newspapers, magazines and television commentators can "make or break" a candidate.

It was pointed out that some metropolitan newspapers had made page one stories of Gen. Dwight Eisenhower's alleged statement that George Romney wasn't a fit presidential candidate, then dismissed the general's denial of making the statement with only a few paragraphs.

The topic is expected to be discussed again at future meetings.

It was announced that Mrs. Gus McFadden, Rte. 1, Gladstone, is the new women's committee chairman. Lunch and a social followed the meeting.

Follo Named To Heritage Group

Appointment of Charles Follo of Escanaba, U.P. extension director of the University of Michigan, to the state committee in charge of Our Heritage Day of Michigan Week, is announced by Richard Frank, committee chairman.

He will help prepare suggestions the committee will send soon to all local Michigan Week committees and local historical societies for observance of Heritage Day, which is Tuesday of Michigan Week and thus is May 21 this year. He will also work with Michigan Week chairmen and historical societies throughout the Upper Peninsula on behalf of the state committee.

He will represent the committee at Michigan Week workshop being held Thursday at the Escanaba Chamber of Commerce under direction of Regional Chairman Richard Bornsmaier of Kimberly Clark's Munising plant; for Alger, Delta, Dickinson, Marquette, Menominee and Schoolcraft counties. These counties constitute Region 2 of Michigan Week.

Committee chairmen are Pat Wheeler, food; Cecile Draze, decorations; Debbie Kell and Monica Thoune, invitations. Theme for the style review is "I Enjoy Being a Girl." Plans will be completed at the next regular meeting on Jan. 12.

Fellowship Plans January Activities

RAPID RIVER—The Women's Fellowship of Rapid River Congregational Church at January meeting planned a bake sale for Saturday, Jan. 20, 10 a.m. at Ray Food Market in Rapid River with Mrs. Esther Caswell, sale chairman.

Plans were made to continue the weekly meetings for cutting and sewing rags for rugs. The meetings are conducted during the winter months on Wednesdays beginning at 10 a.m. at the church parish hall. Women attending the work sessions are asked to bring a food item for the noon potluck meal.

The Fellowship's February meeting will be held at the home of Mrs. Don Waters Wednesday, Feb. 7, at 8 p.m. A highlight of the meeting will be a silent auction with items contributed by the membership.

Lynda Bird Named To Best Dressed List

NEW YORK (AP) — Lynda Bird Robb is named on the "best-dressed" list for 1967, maintaining White House representation as her mother, Mrs. Lyndon B. Johnson, was dropped from the annual roster. Lynda was voted No. 9 on the list—just ahead of another newcomer, Mrs. Ronald Reagan, wife of the California governor—in the balloting by some 2,000 persons connected with the fashion industry.

First place went to Mrs. Wyatt Cooper, the former Gloria Vanderbilt, who took over the spot held by Princess Lee Radziwill, Mrs. John F. Kennedy's sister, in the 1966 list.

Mrs. Kennedy was "promoted" to the Fashion Hall of Fame in 1965 and has not appeared on the list since. Neither has Mrs. Dwight D. Eisenhower since she left the White House.

The list, which has no official standing, is drawn up by publicist Eleanor Lambert. The announcement said Mrs. Robb "replaced" her mother who was first named on the list in 1967.

With Mrs. Cooper in first place, the list follows:

2. Mrs. Carter A. Burden, New York socialite.
3. Mrs. Charlotte Ford Niarhos of the automobile family.
4. Mrs. Harilaos Theodoropoulos, wife of a Greek shipping magnate.
5. Mrs. Angier Biddle Duke, wife of the American ambassador to Spain.
6. Princess Radziwill.
7. Lauren Bacall, the actress.
8. Mrs. Henry Ford II, second wife of the auto heir.
9. Mrs. Charles Spittal Robb (Lynda Bird Johnson).
10. Mrs. Ronald Reagan.
11. The Hon. Mrs. Angus Ogilvy (Princess Alexandra of Kent).
12. Faye Dunaway, actress.

YOUNG PEOPLE
The United States today is largely a nation made up of young people, yet in 1790 nearly half of this country's population of four million were under 16 years of age.

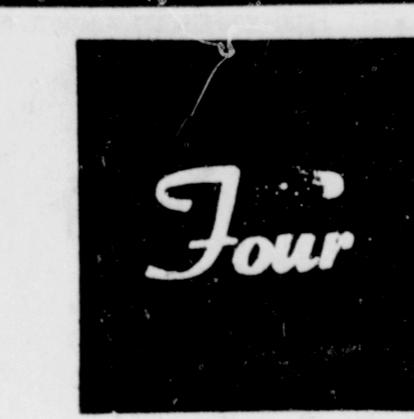

HURLEY'S Secrets of Beauty

How often you hear the words "crowning glory" applied to a woman's hair, but how many women are letting themselves be truly glorious? Actually, a well done coiffure can glorify the plainest face, and show it to the best possible advantage. The proper style will give balance to the face and head, and to the hairstyle as well. Your hair is an essential part of the picture that your whole head conveys to the beholder, and your head is that part of you which mirrors your character...

Lovely, integrating coiffures, which add to the totality of your loveliness, are available to every woman at HURLEY'S HAIR FASHIONS. She may do her own styling, but she should insure her success by consulting our professionally trained beauticians at HURLEY'S HAIR FASHIONS. A call right now, to 786-0663 will do the trick.

TIP OF THE WEEK:
Many women tell me, the use of baby oil will remove mascara.

DRUG SCRPTS

W. J. Bisdee R. Ph. Pharmacy goes back at least two thousand years. We definitely know it goes back that far — for clay tablets with prescriptions and directions for mixing drugs have come to us from the ancient Babylon. But in those times pharmacy was looked upon as magic — priests made up the medicines and healed the sick — often with the help of mysterious ceremonies.

The practice of pharmacy — and of medicine — has been revolutionized since those early days. Just in the last twenty years the changes have been spectacular. For example, a good many of the drugs called for in prescriptions to-

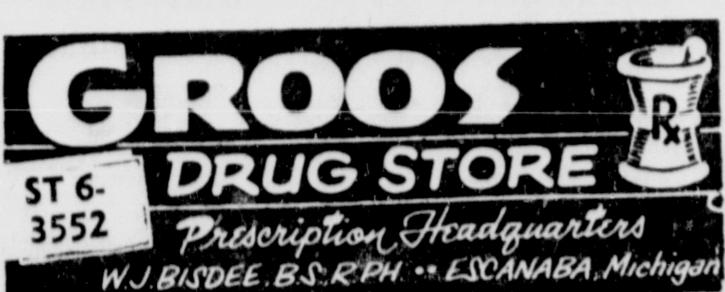

day were unheard of before World War II. And it's likely that the profession will continue to change just as rapidly as our newspaper headlines. New and complex drugs are constantly being discovered and dispensing these drugs requires trained pharmacists.

By law and by tradition, the responsibility for compounding prescriptions rests with the pharmacist. It is an important responsibility to which your pharmacist must bring technical skill, a keen sense of accuracy and a scientific knowledge of the composition, properties and uses of the drugs he handles.

At GROOS DRUG STORE all this skill and experience goes into every prescription we fill. Our label is your guarantee of quality and excellence. Nothing is too good in time of illness. WE GUARANTEE YOU THE VERY BEST at GROOS DRUG STORE 1007 Ludington St. Phone ST 6-3552.

**Carol L. Cline Bride
Of Ormal Posenke Jr.**

St. Anne's Catholic Church in Escanaba was the setting Saturday, Jan. 6 for the single ring ceremony uniting in marriage Miss Carol Lee Cline of Rte. 1, Escanaba and Ormal Bud

Posenke Jr. of Rte. 1, Rock. The Rev. Stephen Mayrand officiated at the nuptials at 11 a.m. The bride is the daughter of Mr. and Mrs. Frank Cline of Escanaba Rte. 1 and parents of the bridegroom are Mr. and Mrs. Ormal Posenke Sr. of Rock Rte. 1.

Sheath Gown

The bride chose for her wedding a white sleeveless street length sheath gown fashioned with a cowl neckline. A crown fashioned of seed pearls secured her shoulder length veil of illusion and she carried a bouquet of white mums centered with small pink roses and white ribbon streamers. Her only jewelry was a gold pearl cross pendant which belonged to her grandmother.

Honor attendants for the couple were Sheila DeGrand, a cousin of the bride and Donald Cline, brother of the bride.

Baby Blue

Miss DeGrand was attired in a baby blue street length sheath gown with matching shoes, white gloves and matching bow headpiece and veil. She carried a bouquet of white mums centered with daisies and blue streamers.

An afternoon reception was held at the home of the bride's parents. The newlyweds are now at home at 311 N. 12th St., Escanaba.

Most Industries See '68 Advances

WASHINGTON (AP) — Substantial business advances are foreseen this year by nearly all of 86 major industries surveyed annually by the Commerce Department.

Nearly two-thirds of the industries—many of which suffered 1967 declines—expect increases of five per cent or more, according to the department's report. "U.S. Industrial Outlook 1968," released Sunday.

Seven industries expect gains of more than 10 per cent: Automobiles expect 13 per cent, civilian aircraft 15 per cent, motels 15 per cent, photographic equipment 10 per cent, construction machinery, 13.7 per cent, and copper brass mill products, 15 per cent.

Only the railroad-car building industry expects a decline.

Mrs. Michael Mead

Joyce Bricker, Michael Mead Exchange Vows

Miss Joyce Bricker, daughter of Mr. and Mrs. Donald Bricker of Gladstone became the bride of Michael Mead, son of Mr. and Mrs. Chester Mead of Honor, Mich. during a double ring ceremony performed Dec. 9 at the Reorganized Church of Jesus Christ of Latter Day Saints at Inland, near Traverse City.

Elder Russell Spaulding officiated at the nuptials at 2 o'clock in the afternoon. Bouquets of white mums and red carnations with holly accents adorned the altar.

The bride wore a white velvet street length gown and carried an arrangement of white roses and holly atop a white Bible. Miss Ruth Reed, maid of honor wore a royal blue velvet street length gown and carried an arrangement of red carnations and holly.

Keith Mead served as best man for his brother. An evening reception was held in the fellowship room of the church.

Thayer Renamed Liquor Chairman

LANSING (AP) — The State Liquor Control Commission Wednesday unanimously re-elected Stanley G. Thayer of Ann Arbor as its chairman for a one-year term.

Thayer was named to the five-member, bipartisan commission last January by Gov. George Romney. The commission supervises and controls the state's liquor industry.

A former two-term state senator, Thayer served two years on the Michigan Employment Security Appeal Board before being named to the Liquor Control Commission.

Charles D. Creten, 113 S. 9th St., was ticketed by State Police Wednesday for speeding.

A car driven by Francis L. Guay, 327 N. 16th St., Escanaba, struck a deer on M-35 about 1½ miles north of Cedar River, State Police said. Guay was not injured.

Two women suffered slight injuries about 2:30 p.m. Wednesday in a two-car accident on U.S. 2 and 41 at the intersection with County Rd. C-45 near the Escanaba River bridge. State Police reported a car driven by Alvin Robbins, 53, of Perkins, pulled out into the path of a car driven by Elizabeth Grandaw, 19, Rte. 1, Menominee. Miss Grandaw and a passenger in her car, Irene Charrity, 53, Rte. 1, Menominee, suffered bumps and bruises in the accident, officers said. Robbins was ticketed for failure to yield the right of way.

Maris Signs Over Phone

ST. LOUIS (AP) — Roger Maris shrugged off the effects of Bell's Palsy, expressed desire for the baseball season to start and signed his 1968 contract with the St. Louis Cardinals.

Instead he celebrated it on the ice with his teammates and scored both of Toronto's goals as the Maple Leafs but the Red Wings 2-1 in National Hockey League action.

Mahovlich beat Roy Edwards unassisted with his 13th goal of the season at 10:14 after giving the Maple Leafs a 1-0 lead at 8:17 of the first session.

Dave Keon and Ron Ellis assisted on the first score, but the usually high-scoring Red Wings countered less than two minutes later at 10:16 when Dean Prentice hit for his 10th goal of the season. He was assisted by newly-acquired defenseman Kent Douglas and Norm Ullman.

Maris was in Florida working out details of his new job with the beer company that co-sponsors the Cardinals' game. He and his brother have been granted an Anheuser-Busch distributorship.

The outfielder, who is the second player named by the Cardinals to sign a 1968 contract, had announced that he plans to move to Florida later in the year.

Gordy Lake of the losers was high scorer with 17 points. Tom Waterman paced Tech with 15.

Don Kojis of San Diego led all scorers with 30 points.

Barnhill had 22. Dave DeBusschere paced the Pistons with 27 points, while Bing had 25.

In other NBA games, St. Louis drubbed Philadelphia 134-122, Boston humbled Seattle 123-110.

The loss at Philadelphia was the 76ers second straight and cut their lead in the National Basketball Association's Eastern Division to two games over the Boston Celtics, who beat Seattle 123-110 behind the play of John Havlicek.

St. Louis, which increased its Western Division lead to two games over idle San Francisco, was led by Len Wilkins, who scored 28 points and handed out 11 assists. Paul Silas also scored 28 for the Hawks, and Wilt Chamberlain got 32 for Philadelphia.

Defense again was the key for New York. Leading only 81-79 after three periods, the Knicks held Los Angeles without a field goal for 3:59 and shot to a 96-83 lead.

Willis Reed poured in 30 points for New York. Archie Clark got 22 for the Lakers.

John Barnhill sank four straight layups to give San Diego a 10-point lead, 93-83, which the Rockets held.

Don Kojis topped San Diego with 30 points, and Barnhill added 22. Dave DeBusschere scored 27 and Dave Bing 25 for Detroit.

Cincinnati broke open its game in the second quarter by hitting 15 of 23 field goal attempts while holding Baltimore to four of 30.

The Royals placed eight men in double figures—Oscar Robertson topping the list with 28 points. Jack Marin led Baltimore with 24.

Yaz said the inspiration of being in the pennant fight was a big factor in his individual success.

Lombardi Pep Talk Is Awesome Thing, Bart Starr Reveals

FORT LAUDERDALE, Fla. (AP) — The Vince Lombardi pep talk is an awesome Green Bay Packers weapon that can make a quarterback want to run through a wall.

Bart Starr spoke of the Packers' emotional approach to football before today's workout for Sunday's Super Bowl game with the Oakland Raiders at Miami's Orange Bowl.

"Coach has said things that

make me think I could run through a wall in the middle of the week," said Green Bay's quarterback. "He makes you wish you could play the game today."

"Sometimes, he will talk to the club before the first practice of the week," Starr said.

"Sometimes, it will be later—whenever it comes naturally. Some people may think it is a lot of college and high school stuff but you have to be ready emotionally."

"Money is a great incentive. You'd be silly to say it wasn't with big money (\$15,000 a man) at stake. But the big thing is pride and prestige in yourself and the whole league. We like to think we are representing every guard, every end, every back, every player in the National Football League. The league championship means more now than it used to. And this game is the climax of it all," he said.

Starr's dramatic gamble on the quarterback sneak from the one yard line that beat Dallas on New Year's Eve still is the 35-28 lead at halftime and Perkins was never able to regain command.

Perkins vaulted into an early 8-0 lead as Art VanDamme plunked in his first four field goal attempts. He had 16 points at the end of the quarter.

Coach Steve Ellis made a defensive shift in the second frame, putting John Trotter on VanDamme, and his Comets were in business.

Greg Begovac, getting his second starting assignment, led Trenary with 22 points and 15 rebounds.

Randy Stine came through with 14 and Trotter 12 as the Comets notched their sixth victory in nine starts.

VanDamme finished with 12 field goals and nine free throws for 33 points while Joe Couillard tossed in 12 and Vic LaCosse 10 for Coach Vern Nelson's Yellowjackets.

SOUTH BEND, Ind. (AP) — Notre Dame, whose Bob Arnzen scored 30 points on 15 baskets and kept the Irish in the lead throughout the game, defeated Detroit in college basketball Wednesday night 83-63.

Arnzen had 27 cracks at the basket and also grabbed 13 rebounds. Dwight Murphy scored 18 points for the Irish, as old teammate Bob Whitmore, 6-foot-7 center.

Ralph Brisker led the Titans with 18 points on eight of 22 field goal attempts and two of four free throw attempts.

It was Notre Dame's 11th victory in 14 games. Detroit is 8-4.

Senior Citizens Hear Noe, Lake

Lila Lake, city assessor, and Robert Noe, city manager, spoke to a group of senior citizens Tuesday evening at the K of C Hall on the subjects of senior citizen tax exemptions and low-rental housing.

Mr.

Robert Noe explained the regulations regarding application for the property tax exemption, which are basically that the applicant must be 65 years old on January 1 of the year in which he is seeking the exemption, have a gross income not exceeding \$5000, and must own or be buying the property on which he lives.

Mr. Lake discussed the difficulties that arise when another person's name appears on the deed to the property.

"If his name is on the deed with yours," he said, "I have to add his income to yours. If it comes to over \$5000 I cannot accept it. People who want to put their children's names on a deed to protect them from probating can use a life lease or put a life estate clause in the deed. Then we take only on the

regular courses.

The group heard reports on Senior Citizen activities and proposed counseling for teens. Ray Olson of the U.P. Child Guidance Clinic and Dept. of Severely Retarded Children spoke to the group on local Day Care Center. The next meeting will be held on Feb. 13 at Fairview School with an annual election scheduled.

Bonifas Tells Of New Courses

At the regular monthly meeting of the Manistique Community School Advisory Council, Director Bonifas announced courses in Beginning Russian and instructions for rock hounds will be offered next semester in addition to the regular courses.

The group heard reports on Senior Citizen activities and proposed counseling for teens.

Ray Olson of the U.P. Child Guidance Clinic and Dept. of Severely Retarded Children spoke to the group on local Day Care Center.

The next meeting will be held on Feb. 13 at Fairview School with an annual election scheduled.

Briefly Told

The fire department was called to the Phillip Bouchard farm at Cooks, Route 1 shortly after 9 a.m. Tuesday where fire destroyed farm tractor.

Gene Ann Berwin, 28, of 719 Arbutus Ave., received slight injury which was treated by her own physician in an accident on U.S. 2 in Nahma Township at 6:20 a.m. Tuesday. She was rounding a curve when she saw an oncoming car on her side of the road. In seeking to avoid a collision she turned right, went off the road and hit a sign post. The front of her car was damaged.

Mr. and Mrs. Everett Laverty and son Don returned from a visit with Mrs. Laverty's mother at Bradenton, Fla.

Mrs. Jennie Hartwick and daughter Midge and Mrs. Agnes Hartwick and Bob McNeil went to Belding where they spent several days visiting Mr. and Mrs. Frank Lowery, Mr. and Mrs. Richard Cole and family and Jim Lowery. They were accompanied home by Jim Lowery who spent a few days here at the home of his parents, Mr. and Mrs. Ted Lowery.

Robert E. Giddings has left for a visit with relatives in Missouri and California.

Mrs. Wanda Rossin was hostess to the Curtis Quilters Club at her home Friday.

Buck Stamper is a patient at Schoolcraft Memorial Hospital at Manistique.

Millage Vote On 5.5 Mills

The millage request the Manistique Board of Education will present to voters of the school district is 5.5 mills. In a story Wednesday, the Daily Press reported the request was 5 mills.

A special election on the operating millage question has been scheduled Feb. 16 by the Board of Education.

If the millage is approved, the Board has resolved to discontinue added instructional fees made necessary when a previous millage request was defeated last fall.

Bootleg Trout Prove Costly

Commercial fisherman Gerald F. Casey of Manistique paid \$213.40 in fines and costs in connection with a bootleg shipment of 1,150 pounds of lake trout bound for the Chicago market.

Acting on a tip from the Conservation Dept.'s law enforcement division in Lansing, U.P. officers stopped the shipment of illegally taken trout at St. Ignace, one of several state points.

In checking boxes of fish being hauled by the Aurelia Trucking Co. of Port Huron, the officers uncovered a number of them containing lake trout which were labeled "chubs."

The name of the commercial fisherman who had shipped the lake trout was obtained by questioning the driver of the truck.

Arranged before Justice Howard Magoo in Manistique, Casey pleaded guilty to two charges: Improper labeling of commercial fish boxes, and illegal possession of lake trout.

Penalty on each count was \$100 fine and \$6.70 costs or 10 days in jail. Casey paid the fines and costs.

The confiscated fish were turned over to schools for serving in hot lunch programs.

Schoolcraft County EVENTS AND NOTICES

War Casualties Increase In '67

NEW YORK (AP) — The casualty rate among U.S. troops in South Vietnam climbed significantly in 1967 over 1966. It increased both in the overall total and on a percentage basis, despite a prediction the percentage rate would decline.

A comparative survey showed that troop strength, greatly augmented during the year, averaged 448,200 against the 1966 average of 299,281. Casualties in 1967 totaled 9,353 killed and 62,004 wounded, a percentage of 15.9. The percentage killed was 2.08, wounded 13.8.

Total casualties in 1966 were 5,008 killed and 30,090 wounded, or 11.7 per cent of the average number of men engaged. The percentage killed was 1.66 per cent, wounded 10.05.

Henry Cabot Lodge, then U.S. ambassador to South Vietnam, predicted last January the percentage of casualties would drop during 1967.

"I believe the purely military part of the war, which is what the Americans are engaged in, will make tremendous progress in 1967 and that the percentage of American casualties will start declining," Lodge said in an interview at that time.

At the end of the year the number of American dead since 1961 stood at 15,997 and the number of wounded at 99,742. Another 878 were listed as missing or captured.

Some men were wounded more than once, which somewhat inflated the total, and in many cases the wounds were minor. For example, of 437 wounded during Christmas week, 130 did not require hospitalization.

Christmas week dead totaled 185.

The bloodiest week so far for U.S. troops was May 14 to May 20 when 337 were killed and 2,282 wounded.

As of Dec. 30 the Pentagon reported U.S. troop level of 486,000, compared with 389,000 a year previous.

In 1965, when the U.S. armed forces in the South Vietnamese arena totaled fewer than 200,000 casualties were 1,369 killed and 6,114 wounded.

The White House announced last August that the U.S. commitment would be increased to 525,000 men by June.

Big Response To Small Fire

LONG BEACH, Calif. (AP) — When a fire is reported on the Queen Mary, the fire department makes a "major problem response."

It did so Wednesday. Three engine companies, a ladder company, a boat company and a squad company roared to the harbor where the retired ocean liner is being converted into a hotel.

For 30 minutes firemen looked for the smoke that had set off an electric alarm. They found a charred towel on a light bulb.

Rep. O'Brien To Seek Return For Death Penalty

LANSING (AP) — State Rep. E. D. O'Brien, D-Detroit, plans to introduce legislation this year to increase minimum criminal penalties and legalize the death penalty.

O'Brien sponsored similar measures last year without success.

He said this year's package would provide mandatory minimum prison sentences for a number of violent crimes, and would urge a constitutional amendment allowing capital punishment for riot snipers.

"The increase in crime and the violent nature of the crimes demands immediate action," O'Brien said. "If we take 2,000 criminals off the streets — and we have plenty of room in our prisons — I think we can eliminate the problem."
